The Webex Desk is the award-winning collaboration and productivity device for your desk—at home or in the office. Meet, work, and co-create on a 24-inch, 1080p interactive display.

Product overview

The Webex® Desk is the all-in-one collaboration and productivity device for your desk—at home, in the office, or in a shared space. It is purpose-built for collaborating, whether you're in a meeting, sharing your laptop screen, or brainstorming with a teammate. The Webex Desk device features a 24-inch, interactive 1080p display, 64-degree 8MP camera, full-range speaker, and a mic array with AI-powered background noise removal.

This powerful device creates a clutter-free desk space, enabling you to be organized and productive. Manage your workday with dynamic layouts and custom views, take the strain off your laptop, and optimize your meetings—all from a single system.

Meet without distractions or background noise. Rock a presentation with immersive sharing. Co-create with digital whiteboarding and live content annotations.

Easy setup and management capabilities allow customers to deploy and support thousands of devices at once. And with Control Hub you'll gain insight into environmental health and device usage with the ability to triage issues from anywhere.

Features and benefits

Table 1. Webex Desk features and benefits

FEATURE	BENEFIT
Quality audio and video	<ul style="list-style-type: none"> • 24-inch, 1080p, anti-glare touch display • 64-degree FOV 8MP camera • Equipped with powerful audio hardware and features that enhance the conferencing experience • Microphone array for crystal clear, directional sound pickup • Premium-quality sound with full-range centre speaker and bass radiators for extended low-frequency output
Enhanced meetings	<ul style="list-style-type: none"> • Webex Desk has been built to deliver a Webex Optimized Experience • Easily share content, including presentations, documents, or your desktop • Join a meeting or make a call using the buttons on the touch display or Webex Assistant voice commands • Change your in-meeting background with blurred and virtual background options

Cognitive collaboration	<ul style="list-style-type: none"> • Webex Assistant is a voice-controlled assistant that lets you start or join your meeting, book a room, or make a call • Facial recognition identifies meeting participants and provides name labels • Automatic noise detection and suppression ensures the meeting is free of distracting background noise
Co-creation	<ul style="list-style-type: none"> • Co-create with a dedicated stylus that makes whiteboarding simple and clean • Effortlessly whiteboard in person or remotely with a stylus or your finger • Automatically save content to a Webex Messaging virtual space • Annotate on any content in the display

Table 1. Webex Desk features and benefits

FEATURE	BENEFIT
Web engine	<ul style="list-style-type: none"> Use digital signage to display on-demand content such as messaging, alerts, and channel browsing Enable additional web apps to help boost productivity Kiosk Mode creates a personalized experience as a front desk device* Embedded apps enhance the meeting experience with third party solutions*
Powerful video processor	<ul style="list-style-type: none"> Offloads the meeting from your laptop, allowing for dedicated audio and video to provide higher-quality meetings
Flexible deployments	<ul style="list-style-type: none"> Registers as a cloud or on-premises device Flexible deployment models allow you to decide what deployment option is best for your business

*Coming December 2021

Prominent features

The Webex Desk transforms the way you meet, work, and co-create from your desk. It features a 24-inch, interactive 1080p display, 64-degree 8MP camera, full-range speaker, microphone system with focused sound pickup and AI-powered background noise removal.

The Webex Desk is a purpose-built collaboration experience, meaning that everything is designed to work simply together. It provides the latest and most advanced Webex features, including immersive sharing, digital whiteboarding, and direct access into Webex App services.

With a USB-C connection, the Webex Desk is your all-in-one meeting device and primary monitor, offering a simple, exceptional collaboration experience that extends beyond the Cisco® Webex portfolio to support your collaboration tools of choice.

Features on the Webex Desk were previously the domain of higher-end video conferencing rooms.

Now, you can enable them on every desk and every team across your business. When registered to Webex, additional cloud-based functionalities are enabled that enhance the user experience and team workflow, as well as further simplify deployment.

Some examples:

- Work smarter. AI-powered features like Webex Assistant and facial recognition allow you to easily control your meeting and provide the contextual information you need, when you need it.
- Seamless co-creation. Ideation tools like digital whiteboarding make brainstorming, design, and collaboration easy, whether in person or in a remote meeting.
- Join any meeting. Connecting a laptop with USB-C cable enables you to join meetings from third-party meeting providers while leveraging the Webex Desk's camera, speaker, and microphone.
